About us

BIPICO Industries (Tools) Pvt. Ltd., established in 1974 in Bilimora, Gujarat (India), is a leading manufacturer and exporter of a variety of saws and cutting tools in India and a well-reputed brand name in both the Domestic and International Markets.

BIPICO is known to pioneer the production of Hacksaw Blades in India. In 2001, BIPICO earned another milestone in the Indian cutting tools industry by pioneering the manufacturing of the import-substitute product- Bimetal Bandsaw Blades. BIPICO'S decision to pioneer another major product was based on the Industry's growing requirement for faster and accurate cutting. BIPICO continues to be one of the only two manufacturers of Bandsaw Blades in India to date.

Here at BIPICO, quality and manufacturing excellence are of the utmost priority, which ensures consistent fulfilment of high-performance products for effective cutting solutions. Bipico's state-of-the-art manufacturing unit, located in Bilimora, Gujarat (India), is designed to deliver on this very promise, housing CNC, automated machinery from Europe, with strict adherence to ISO guidelines across all functionalities. With an in-house laboratory and a proficient Research and Development team, the company continually improves its portfolio, catering to changes in application and identifying new product opportunities.
